

Luther Towers / Luther Village

July 2020

EXECUTIVE DIRECTOR COMMENTS

Now is not the time to give up the safety procedures to prevent the spread of the COVID-19 virus. We have been fortunate to not have any cases with Staff or residents and that is due in part in everyone's cooperation. The number of cases is increasing, however it appears to be increasing in the young adult population which seems to be able to recover without severe effects. While the number of infections increase so does the chance that someone can pass it on to some of us who are more vulnerable to the severe effects of the disease.

We are slowing opening up the facilities and permitting events with the recommended safety precautions. The best way to prevent spread is social distancing and wearing a mask. If you are outside of the buildings and not sitting near an entrance you should be able to remove your mask but don't forget to put it back on before you enter the building. Hand sanitizer stations are positioned throughout the buildings usually near the entrances so use them when passing.

We will soon be getting a new bus driver for your trips. Please welcome Tiffany to Luther Towers and Luther Village when you see her. Pete will continue to drive 1

to 2 days every two weeks so he won't be going away.

Construction will soon begin on the property as the county installs a new sewer line across the Luther Towers Campus. You are reminded that the parking will be tight during the week the Luther Towers II parking lot is closed. We are working with the planner to make sure that residents that have garden boxes will still be able to access them. We are examining options for getting water to the boxes. If you use the deck on the lake you should still be able to get to it most of the time. Paths will be made available and will be marked. Please do not attempt to cross the trench or enter the construction areas.

Planning for the new entrance and security desk is continuing again after a long break due to the COVID-19 emergency. The plan is to begin the permitting procedure in August with construction to begin as soon as the appropriate permission is received from the city. During and after the project the traffic in and out of the building will be modified and after construction is completed new cross walks will be established in the parking lot.

A special thanks to those residents who volunteered to participate in our new video that will soon be posted on our new web site. Once the web design is complete everyone will be able to access the site to see the schedules and activities for both Luther Towers and Luther Village.

INDEPENDENCE DAY, 2020

The phrase, “we are living in unprecedented times,” is an understatement. We continue to fight against a pandemic and we seek respectful and civil dialogue about many social issues which require our attention.

Not totally dissimilar, 56 courageous men rose up 244 years ago and declared independence from Great Britain establishing the United States of America. These men risked their lives and that of their families by this act; “with a firm reliance the protection of divine providence, we mutually pledge to each other our lives, our fortunes, and our sacred honor.” From vulnerability comes courage—they knew the risk, that of death to them and their families, the outcome was uncertain, and their passion was indeed emotional exposure. Yet, each of them affixed their signature to our Declaration of Independence.

It is time to renew our commitment to the ideals of freedom and dignity embodied in this great document. We’ve made great progress during the intervening 244 years; however, we have much more progress to make. Continuing the legacy of freedom will require that we have uncomfortable conversations...civil and respectful conversations—we will need to be vulnerable in order to demonstrate our courage of the times. There is no better day to reflect upon renewed commitment than the birth of our nation.

President Theodore Roosevelt made a speech in Paris in 1910 which would later become known as “The Man in the Arena.” I think it is worthy of repeating.

“It is not the critic who counts, not the man who points out how the strong man stumbles, or where the doer of deeds could have done them better. The credit belongs to the man who is actually in the arena, whose face is marred by dust and sweat and blood; who strives valiantly, who errs, who comes short again and again, because there is no effort without error and shortcoming; but who does actually strive to do the deeds; who knows great enthusiasm, the great devotions; who spends himself in a worthy cause; who at the best knows in the end the triumph of high achievement, and who at the worst, if he fails, at least fails while daring greatly, so that his place shall never be with those cold and timid souls who neither know victory nor defeat.”

While this quote is not in gender inclusive language, by inference, it is applicable to both genders. The point is that we all

have the opportunity to be in the arena and make a difference.

As we recognize Independence Day, we too recognize one of the greatest rights imbued upon us by our constitution—voting. It is one of the most important methods we have to be heard, yet a mere 55.7% of our voting age population exercised this responsibility in 2016. It is troubling that the United States of America, the beacon of freedom throughout the world, ranks 26th among developed, democratic states.

This is our chance to get in the arena and make that difference alluded to earlier in the article.

I have a Linked-In account and came across a wonderful post from one of our newest citizens of the United States of America; she is worth quoting.

“I’m officially a US citizen!! I’ve waited so many years for this moment and I’m so proud to be part of this amazing country. Always thankful to God for all of his blessings and opportunities that he brings into my life. Land of the Free and Home of the Brave! God bless America.”

The excitement in her writing was palpable. As we celebrate the founding of our country, let us all recognize our role in serving as an example of democracy for all the world to see by getting in the arena and engaging in dialogue and exercising our responsibility to vote.

Happy Independence Day, America!!!

THE BULLY BLOG

Well, slowly but surely things are starting to return to what they were prior to COVID-19. Hopefully, we will continue to progress in the right direction and can return to life as we knew it.

You have all been doing so well, not only understanding but complying with the guidelines we instituted to insure your safety. Thankfully we have had NO residents or staff contract this nasty virus! And it is because you have all done your part.

In regards to all this COVID-19 stuff, we are starting to notice residents wearing their masks down around their necks. This does nothing to protect anyone. Additionally, numerous times we are seeing your friends and family come in without masks. Remember that you are responsible for ensuring your visitors follow all established guidelines.

I would also like to thank those who have participated in the recertification process over the last couple of months. I know it may be challenging not meeting face to face to do all this paperwork. But you have done an outstanding job signing and returning the paperwork to me so we can continue with your annual recertification. If you receive an envelope from me for your recertification, it is due back to me by the

10th of the following month. But you do not have to wait, you can sign and return them earlier if you choose. As always, if you have any questions please let me know.

I had a resident ask me to put this in the newsletter:

Senior bowling league is in need of bowlers. The league is on Monday mornings at 10:00 a.m. at Doverama Lanes in Rodney Village. There are 3 person teams with 100% handicap for 32 weeks. Cost is \$11.00. If you are interested, please call Phyllis Tarburton at 302-730-0975.

Another request:

Butts, Butts, Butts!

I have nothing against those who smoke, but it is pretty amazing that, despite frequent reminders and warnings, there continues to be an endless litter of cigarette butts thrown all over the property. PLEASE USE the nearby receptacle for disposing of your butts.

Signed, Luther Towers Resident

For those who may not be aware the Beauty shop is back in business, by appointment only. Karen is limited to one person in the shop at a time. So give her a call!

Lastly, the lunch room is continuing with the grab and go lunches for the month of July. Will keep you posted on when the restaurant will open for dining again.

Don't forget if you are interested in a grab and go meal you need to call LV Security desk to sign up.

In His Spirit, Kim

“TALK WITH TRICIA”

Movie Night will be Thursday, July 9 for Luther Towers at 5:30p.m. and Thursday, July 16 at 5:30p.m. for Luther Village. The movie will be **“A DOG’S PURPOSE”**. **SIGN UP ON BULLETIN BOARD IN YOUR BUILDING.**

Cherub Group will begin again at Luther Towers on Tuesday, July 14, in the Activity Room of Luther Towers.

We are now scheduling transportation for medical appts. If you have an appt coming up make sure you call and schedule a ride. Blue Bird transportation has resumed and things are going well. Please make sure to call Luther Village 1 Security desk to reserve a seat on the Blue Bird. It is now a requirement to RSVP for the Blue Bird. You can make your reservation at 674-3780 ext 212.

Please be patient as we attempt to get all activities up and running- we are making great progress!

Thank you to everyone who participated in Movie Night and Exercise Class!

Some activities that have restarted:

Bingo will begin on July 15 at Luther Towers Building 1 Activity Room at 6p.m. Bingo will only be held on

Wednesday's for the month of July and if all goes well we may expand to Friday's in August.

NEW BINGO GUIDELINES:

No food is allowed

Participants can bring own beverage

Paper cards will be provided

THERE WILL BE NO OUTSIDE PARTICIPANTS PERMITTED *(if you do not live at Luther Towers or Luther Village you will not be permitted to play)*

Ceramics – will begin again on Thursdays, **starting on July 9th**. Class size is limited to 8 individuals (with social distancing applied), and you will need to wear your mask into the room. You may remove it when you are seated at your table.

Arts & crafts – starting up again on **Monday, 27 July**. It will be limited to 8 individuals (with social distancing applied), and you will need to wear your mask into the room. You may remove it when seated. Look for sign-up sheets (first come, first served).

Tidbit of advice. In the unfortunate event that you find yourself in the hospital and your doctor is recommending a short term rehab stay (to get you a little stronger and stable), you ALWAYS have the right to choose the rehab facility. There have been increased reports that patients do not feel they have a right to choose the facility and you absolutely do! You may have a favorite rehab or a place you have been to in the past that you were treated very well.

Division of Medicaid and Medical Assistance and Food Stamps have stopped sending the annual recertification's during COVID-19. The renewals may resume in July so please make sure to look out for them in the mail! If you need help please just give me a call 674-1408 ext. 131.

Stay safe and cool this summer! Hope to see you at Movie Night this month!

Thank you, Tricia

Kelly’s Reminders: I have noticed that residents are still putting their recycling items in trash bags and putting them in the dumpster. All recycling items must be put in the dumpster loosely or the trash company will not pick up the recycling (because it is bagged).

Thought for the month

Sometimes the smallest step in the right direction ends up being the biggest step of your life. Tip toe if you must, but take the step.

INFORMATION FOR BOTH CAMPUSES

Rent will be pulled on 6 July. Some months your rent may not come out of your account on the 4th, due to holidays, weekends, etc. **Please check with your bank to verify the rent has been deducted** before pulling your money out assuming the rent was already paid. This will save you from Non-Sufficient Funds problems.

TOWERS 3

WHO/WHAT AM I?

I was the “Mean widdle kid” in a skit on my 1950’s T.V. show.

Last month’s answer: Red Skelton.

Who/What am I? We were “the Lone Ranger and Tonto”, who were we?

Stupid move – Old versus new

My job for a very long time required me to carry a concealed weapon. I carried a .45 auto in a shoulder holster and a .38 chief special snub in an ankle holster. (This is important to know in order to understand my experience).

My wife and I decided to go with a couple of friends to a dance club in New York City. That morning a friend talked me into buying a new upside down shoulder holster and a new ankle holster held on by Velcro. My shoulder holster held the pistol in using a flat spring. The party/dance went well, that was until I and the wife decided to strut our stuff to a very fast, foot stomping song. Wow! I felt my ankle holster give. I looked on the floor and sliding towards the tables was my holstered .38. I heard someone yell, “Hey, a gun”. I bent down to pick it up and my foot hit it and across the floor it went. If that wasn’t bad enough, when I bent over, the clip spring holding my .45 gave and it hit the floor. (Good thing there wasn’t a round in the pipe).

People were running and some women screaming. MY friends were laughing and the next thing I knew, I was on the floor face down with a cop’s knee in my back and a gun pointed at my head. I heard my friend tell the cop to look in my jacket inside pocket. The knee came out of my back and a hand came down and pulled me onto my feet. My friend and his wife were laughing their butts off. The cop handed me my weapons and told me to go back to the more reliable holsters. I looked into the face of an old timer. That’s advice I took. I carried my weapons out to the car in my hands. I never bought the new holster models again.

VILLAGE 1 – NEWS!

Well, LV1 is slowly getting back to normal. A big “*Thank You*” to Mr. Coy and his staff for activating preventive measures to reduce the chance of residents getting the Coronavirus. Even though some of the preventive measures have been lifted, keep wearing your mask and watch your distance.

How about our Gazebo being re-located in front of LV1! Personally, I think it looks nice there. It is for both smokers and non-smokers; however, the rules of mask and distance still apply.

If it is a nice day (not overly hot) go outside...sit in the Gazebo or maybe go for a walk.

A Few Quick Tips for We Seniors on those hot days:

- Drink water often and be sure to pack water when out and about.
- Check with your doctor to make sure your medications won't be affected by higher temperatures.
- Everyone, including seniors, should dress for the weather
- Wearing sunglasses can protect your eyes from harmful UV rays, use sunscreen and wear a hat.
- Be cautious about abnormally high body temperatures —Heat stroke is an advanced form of hyperthermia that can be life-threatening. Warning signs requiring you to seek medical attention immediately are:
 - (1) A change in behavior, such as acting confused, agitated, or grouchy
 - (2) Dry, flushed skin
 - (3) Nausea and vomiting
 - (4) Headache
 - (5) Heavy breathing or a rapid pulse
 - (6) Not sweating, even if it's hot out
 - (7) Fainting

I can't wait for Kandy's Arts and Craft class to start up again. I understand our first project will be making a bracelet and the second project is making Christmas wreath. For \$2.00 a class, plus adding in the fun and camaraderie --you just can't beat it.

A couple residents have mentioned it would be nice to have a big pot-luck meal

for us residents after this dreadful virus is gone. I am sure most residents will happily sign up for this event.

Over the last few months, our good Lord has called several LV1 residents' home; and several of our residents have lost family members to the COVID-19. Our sincere condolences go out to all.

"Wherever a beautiful soul has been, there is a trail of beautiful memories"

Did you know: *The month of July was named in honor of Roman dictator Julius Caesar (100BC—44BC). Julius Caesar made one of his greatest contributions: with help, he developed the Julian calendar, the precursor to the Gregorian calendar that we use today*

Thought for the day: Remember...*We all have an unsuspected reserve of strength that emerges when life puts us to the test.*

Oven Roasted Tomatoes

(Vegetable racks should soon be bursting with tomatoes)

Ingredients for 6 servings

2-3 lbs., tomatoes

1 tbsp olive oil

½ tbsp balsamic vinegar

1 clove garlic minced

1 tbsp fresh chopped basil or ½ tsp dry basil

2 tbsp shredded parmesan cheese

Salt and pepper to taste

Instructions:

Preheat oven to 450 degrees

Wash tomatoes and cut in half (large tomatoes cut in quarters)

Toss tomatoes with remaining ingredients

Place in a rimmed baking pan or dish. Roast 10-20 minutes or to desired doneness.

Note: larger or firmer tomatoes such as Romas, will need more time 20 minutes while ripe small tomatoes will need about 10 minutes.

SAM

The 4th of July

It's time for the "Barbecue" and the "Fireworks" galore! And the "Beer" and "Friends", and the "Burgers" for sure! But most importantly, and I really must say is that "America" got its "Independence" today! Yes in "1776" The famous politician Senator "John Hancock" had signed the petition that stated that our country was "free" from all others! And that we would "only be governed" by our "American brothers"! So, while we are celebrating this "great day of fun" Let us always remember what our forefathers had done!

Washing machine issues: Please don't be over-zealous when using liquid bleach in your wash...use a small amount. Believe it or not, bleach can leave a residue in a washer tub and it will reactivate once rewetted. So, it could ruin/and has ruin the next load of color clothing. This problem can be eliminated by using dry bleach.

VILLAGE 2 – NEWS!

It has been some time since LV2's Newsletter has been published; it nice getting back on track letting residents know what is going on in LV2.

All Luther Village buildings have come through the virus so far; we have been very blessed by not getting it...lets pray this continues. Although, several residents have lost family members due to the virus...our condolences to all.

Being stuck in our apartments for so long is rather frustrating for some of us. I know most residents would love to get rid of these masks, but that is not going to happen soon. I, too, have trouble breathing with them on, but it is a requirement that says you must wear them.

I had a nice time this month. The birth of a new great grandson Caleb Michael Gray. 8 lb. and 12oz. And 19” long. Such a good boy, and naturally I think he is so handsome.

Oh, not too long ago, the farmer was harrowing the field next to our building and it frightened a new-born fawn. The fawn, scared and shaking, ran to our building and laid by the door most of the day, completely done in. Eventually, he was taken back out in the field, so he and his mother could find each other---I was so happy they did.

Please pray for those in the hospital, rehabilitation, and those who are ill.

Not much going on in Building 2, so I will close off with this. May God bless each of you.
