## From the Desk of The Executive Director **KIM MENDOZA**

Well the cooler temperatures are finally here; although I don't like the colder weather, I do love flannels, sweaters and boots... so I guess it is a tradeoff! At least for a few months.

It is also time for celebrations – the two big ones are Thanksgiving and Christmas. Some residents are aware that we serve meals to residents free of charge – one only needs to sign up. The Thanksgiving meal will be served at the Luther Towers campus; the Christmas meal is served at Luther Village campus. Look for further information in the newsletter.

I hope the Residents at Luther Towers I enjoy the clean shiny floors! It was a process... from cleaning on our hands and knees and hiring someone to come in and cover with epoxy. They should finally stay clean – and that makes us happy! We will be looking into doing this same process in the other buildings as it is something that will last a LONG time.

### **ADDRESSING IMPORTANT ISSUES:**

#### **Cats at Luther Towers Campus:**

I am sure residents on this campus have seen the increase in the feline population. We are working with an organization, currently on a waitlist, who will capture the cats/kittens and

have them spayed/neutered, vaccinated and treated for fleas. Part of one ear will be clipped to show they have been Treated and Released (TNR). Once they have all been captured/fixed, the feeding will cease and they will move on to find food elsewhere.

Keep in mind, they are **feral** cats and can carry disease – getting bitten or scratched by them could cause you issues.

As they continue to in-breed, it will cause deformities among the kittens. Not to mention, they will run off the squirrels and birds from the campus. So, **do not feed the cats/kittens!** They are being appropriately cared for in order to deal with the problem as a whole.

**Pullcords:** All apartments are equipped with two (2) pullcords which *should be* hanging down to the floor to enable residents to reach them easily in case of a fall.

However, the fact that they hang so low causes them to be pulled accidentally either from pets, kids, vacuuming or other reasons.

When this happens, the Security Personnel will attempt to give you a call to ensure you do not require assistance. If you don't answer, they will have to leave the desk and come physically check your well-being.

**At the same time, an ambulance is being dispatched...**

We ask that if you accidentally pull your cord, call the desk ASAP and let them know or answer when they call. This alleviates an ambulance and Security staff responding, when they could be needed for an actual emergency elsewhere.

(Continued on page 3)

**Homeless Individuals:** As I am sure you are all aware, Dover – in addition to many other areas – is experiencing an increase in homelessness. We are continually having individuals wandering onto the campuses. Recently we had an individual going around a campus

trying to enter numerous doors (but don't worry – Security was tracking him).

Security does an amazing job identifying these individuals, addressing the issue by asking them to leave, or contacting police. This is all done to ensure the safety of our residents – and another reason why you **should NOT allow access to anyone** into the buildings whom you do NOT know. If they are a valid visitor/delivery person, they can use the RISE system.

A side note to this issue, although we all feel for someone who finds themselves in this situation, taking in a homeless individual as a visitor – whom you may have no idea as to their real history/situation – can put yourselves and others in danger.

*Kim*

### INFORMATION BOTH CAMPUSES

**RENT will be pulled on  
November 6th.**

In some months, your rent may not come out of your account on the 4th **due to holidays or weekends.**

Please check with your bank to verify rent funds have been deducted *before* pulling your money out while assuming the rent was already paid.

This will avoid Insufficient Funds problems.

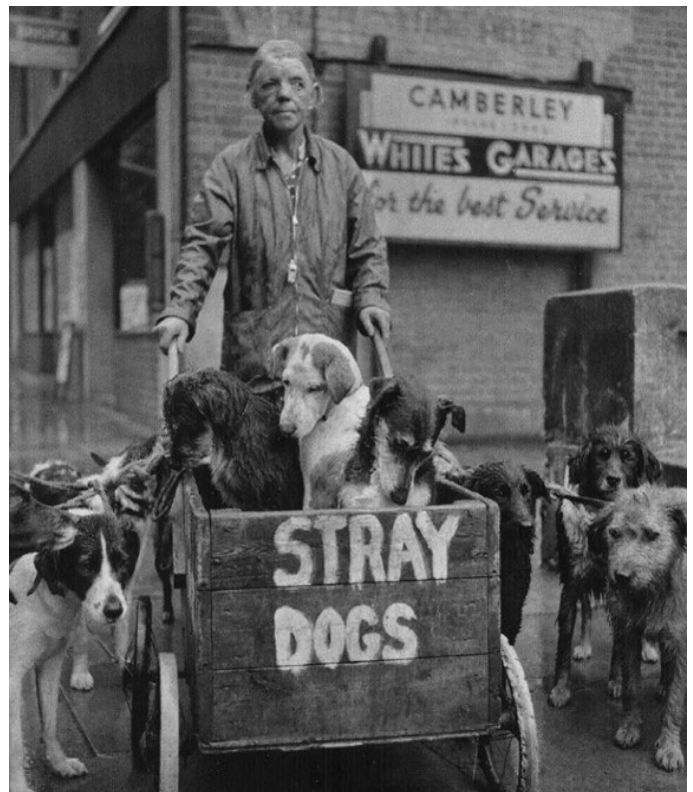

I ran across the poem below that really hit home with me – she is my hero!!

*Poem written by Athey Thompson*

I shall  
Gather up  
All the lost souls  
That wander this earth  
All the ones that are alone  
All the ones that are broken  
All the ones that never really fitted in  
I shall gather them all up  
And together we shall find our home

Taken from “A Little Book of Poetry”  
—*Tales of the old forest faeries*—

A little poem taken from a poetry book written in Camberley, UK. This photo is of “Camberley Kate,” the lady who roamed the streets with her “stray dogs” cart and picked up all the abandoned. It is said that during her lifetime she rescued and gave a loving home to more than 600 stray dogs.

*Kate Ward in Camberley England — 1962*

## From the Desk of The Deputy Director – JESSICA PARSONS

The holiday season is upon us. Remember that the holidays are a time to spread kindness and generosity. Whether it's through volunteering, donating to charity, or simply spending time with friends or loved ones – there are many ways to make a positive impact in your community during this time of year.

**From Us to You:** We love to show our appreciation for the residents by providing a Thanksgiving Feast for Luther Towers residents and a Christmas Feast for Luther Village residents. It's a time we are able to see everyone, serve you and have fellowship.

Sign-ups will begin November 1st for Luther Towers residents – please contact Corrin Parsons to sign-up.

**Fire or Fire Drill:** We recently had some fire drills and there were questions regarding which doors to exit. If it is a **fire drill**, *which you will know because you will see staff directing you*, you will exit down the stairwell and report to your designated assembly area.

If it is a **true fire**, you should exit to the nearest door and then report to your designated assembly area.

If the fire department is directing you, then you would follow their direction.

Fire drills are important for you and for staff to be well equipped in case of an emergency. When the fire alarm sounds, you are to exit immediately and report to your designated assembly area. *We have seen residents either leave the premises or stay outside but this does not help us or the fire department in case of a true fire.* **We need to account for each and every one of you.**

When you exit the stairwell, please make sure you are walking down **ONE** side of the stairs so that you don't block the entire path. This will prevent you and others from being trampled on and allows others to pass easily.

We appreciate your cooperation when we conduct the fire drills.

**Access Cards:**  We have seen an increase in aides, guests and family members using residents' access cards. These cards are strictly for the resident. The use of access cards by others can affect the stat system we have in place for your safety. Your guest or family member needs to contact you for access to the building or they may contact security.

**Repeated unauthorized uses could result in your card being disabled!** 

**Figuring Your Rent:** Each year HUD (The Department of Housing and Urban Development) requires us to review income, assets and medical expenses to determine your rent. As you know, this information changes every year; therefore, your rent changes. The amount of change depends solely on what changes with you.

Your rent is based on 30% of your gross income. Eligible medical expenses can lower your rent, but not always since the amount has to exceed a HUD established percentage of your income to make an impact.

Typically, you will always see an increase in rent due to income increases from Social Security Administration along with any other income you may receive. We have no control over the increases – we follow HUD guidelines and implement them.

I encourage you to review the last page of your lease addendum each year to review the amounts for income, assets and eligible medical expenses we used to calculate your rent. If you ever have any questions, please don't hesitate to let us know.

*Jessica*

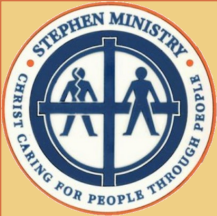

## Employee of the Month by Jessica Parsons

*This month I would like to highlight...*

**Dan Raube**

Dan Raube has been with Luther Towers/Luther Village for 10 years as one of our medical transportation drivers. I have personally known Dan for more than 22 years when we attended church together. When we needed a driver, I immediately thought of Dan. I knew he would be a great asset to the organization and he didn't hesitate to step up. Dan has a large family to include 5 daughters, one son, 13 grandchildren and 10 great grandchildren. This past year was his 20th trip to Alaska where he enjoys fishing.

Dan is also very talented in wood working. He makes various things such as cutting boards, tables, benches, chairs, etc. His work is very impressive. I have attached a picture of an item we asked him to make for our board members. Dan is compassionate, kind and possesses the highest integrity. We all enjoy having him around.

**STEPHEN MINISTRY**  
*is here to help and will  
come to your doorstep.*

How Can We Help?  
Going through a Difficult Time?  
Health Crisis? Loneliness?  
Alienated from Family?

Everyone goes through difficult times. Having someone to care, to listen, and to share God's love with you can help you get through the confusion, stress, or loneliness you may be experiencing.

If you are interested in speaking with someone who is willing to listen with care, please reach out to ...

Nov 29th..LT-1 .. 501-523 ....LT-3... 3001-3018

## THOUGHT OF THE MONTH

**“Happy November!”**  
November is the month  
to remind us to be thankful  
for the many positive things  
happening in our life.

## KELLY'S REMINDERS:

I have noticed that residents are hanging things on or  
covering fire sprinkler heads in their apartments.

**This is a Violation of the Fire Code and HUD!**

The Fire Sprinklers in your apartment are there  
for your protection in case of a fire.

Please Do Not Hang Things On or  
Cover Up the Fire Sprinkler Heads!

## **Do Not Feed the Feral Cats on The Property!**

**We are working with a local agency  
to have them fixed and vaccinated and  
your efforts may complicate the situation...**

\$ 2.00 Lanyard  
\$ 5.00 Laundry Card  
\$ 1.00 Light Bulb  
\$150.00 Minimum Carpet Repair

**From The Desk Supervisor**  
**KARI EBERT**

November's here and the weather is getting chilly! I'm just not as warm blooded as I used to be, and I have been investing in heated blankets, sweaters, and warm accessories. I'm determined to be cozy this year, and I hope you're doing the same.

You've probably noticed that we have a couple new additions to the security team. Adam and Kayla are two very bright, kind people. They've been here for over a month and have already made an impact on many residents. Of course, they were a little nervous thinking about all of the systems and procedures they have to remember, but they've really done an outstanding job. Make sure you introduce yourself to them if you haven't met them yet.

I'd also like to take a minute to brag about the rest of the security staff as well. We've had a bit of a rough spot where we didn't have enough coverage. Numerous staff members helped to fill in, even going as far as working double shifts and working overtime. Our goal is to always have 24-hour a day coverage at both properties, but sometimes it just isn't possible. Anything can happen at any given time, and it could mean the difference between life and death. That's why I'm so thankful that everyone pitched in and helped keep Luther Towers and Luther Village safe and secure. I appreciate them more than you can imagine and appreciate the way they collaborate as a team!

**"The way a team plays as a whole determines its success.**

**You may have the greatest bunch of individual stars in the world, but if they don't play together, the club won't be worth a dime."**

**– Babe Ruth**

**Quick Reminder**

When guests spend the night, the 14-day limit applies to the guest and not the resident.

This means that they can't spend 14 days with one resident and 14 days with another.

This also means that if someone is spending the night with two residents off and on, both sets of days add up together.

*Kari*

**The Math:**

"Alice" spent 3 nights with "Helen" at Luther Towers in March.

She then spent 4 nights with "Margaret" at Luther Village in April.

"Alice" has accrued 7 nights of her permitted 14 day stay at the Luther Towers & Luther Village complexes.

**The Quiz Question:**

How many nights does "Alice" have left to visit friends overnight at the Towers?

**The Answer:**

"Alice" has used HALF of her permitted overnight stays at the Towers...

Therefore, "Alice" has 7 nights remaining for the 6-month period.

*\*\*The period began with the first night "Alice" stayed overnight.*

*"Fictitious" names*
