KIM MENDOZA

Welcome to Autumn! The temperature kept changing so much last month, up then down! But rest assured – cooler days are coming to stay. Watching the trees change colors is beautiful to witness – so that is a positive at least. For those of us who prefer warmer weather, the good news is it will return. In the meantime, enjoy some pumpkin spice, warm winter drinks and sport those sweaters and boots if you got them!

Thanksgiving! One activity I am sure a lot of us look forward to is “Thanksgiving Dinner.” Who doesn’t love some turkey and mashed potatoes? Well, I am sure there is someone who doesn’t... but, for those who do, I just wanted to remind you that we will be putting out information for the Thanksgiving Day Feast at Luther Towers/Luther Village.

Since the kitchens are open at both campuses on that day we are going to be serving meals to residents at both locations. The costs for residents is free, you will just need to sign up.

Flyer Page 5!

OUR PERSONNEL! I wanted to give a big shout out to our **Security Personnel**. They go above and beyond to ensure our residents are taken care of. There isn’t a day that goes by where I don’t read in the log where Amazon, Walmart or other delivery personnel are either misdelivering packages or dropping them off in the strangest and most inappropriate locations.

Security, almost on a daily basis, is conducting research to look for packages that residents believe were delivered, taking packages that were delivered to the wrong individuals, ones left in the lobbies, or even at the side door to the building! They are seeing packages are being returned to the appropriate individuals.

SECURITY: In last month’s newsletter, I spoke a lot about security and safety concerns that were addressed by the Chief of Police pertaining to the area of Dover and surrounding communities. In that regard, I have noticed that there are individuals who use emergency exits to go and empty their trash / recyclables.

Emergency Exits are Just for That –
EMERGENCIES!

So, I am asking residents to either use the trash chutes to dump your trash...

(kitchen trash – not bulk trash)

and to use the proper entrance / exits to the building to take out recyclables and larger items. I understand this may cause a slight inconvenience, but it ensures that our buildings stay locked and secured. Thanks for your understanding.

**+ Remember +
Security is Everyone’s
Responsibility**

So, let’s continue to do our part to keep our campus / building safe!

Happy Thanksgiving

From the Desk of The Deputy Director
JESSICA PARSONS

Holidays are quickly approaching – and with that comes the hustle and bustle of the season, but it is so nice to spend quality time with family and friends.

If you know someone who might be alone this holiday season, reach out and invite them over or plan a meal together. You never know the situation your neighbor may be in and the gesture could mean the world to them.

FIRE ALARMS: We've had two recent instances where the fire alarms went off at each of our campuses. Thankfully, both times were not actual fires. Many times this happens after business hours when security personnel are the only ones on duty and at times Luther Village may not be staffed.

When emergencies arise, security has to prioritize the tasks at hand and attend to the emergency as well as ensure residents are safe. This is where your cooperation is imperative.

When the fire alarm sounds, you are to exit immediately and report to the **DESIGNATED ASSEMBLY AREA** where you will be counted as **SAFE!**

If you are unable to go down the stairs, the safe haven is the stairwell on your floor. You will wait there until help arrives.

If you are unable to exit your apartment, please know that help will come to you.

INFORMATION BOTH CAMPUSES

RENT will be pulled on November 4th.

In some months, your rent may not come out of your account on the 4th **due to holidays or weekends.**

Please check with your bank to verify rent funds have been deducted *before* pulling your money out while assuming the rent was already paid.

This will avoid Insufficient Funds problems.

Too many times, when alarms are triggered, we find that residents go sit in their car, hang out at the gazebo or on a bench outside.

These are NOT Acceptable Locations for Anyone to Report.

If it were a true fire, we need to be able to **account for everyone** and we can't do that if you are not in your designated area.

As a reminder, when exiting the stairwell, please make sure to walk down ONE side of the stairs so that the entire path is not blocked. This will prevent individuals from being trampled on and allows others to pass easily. Periodically, we conduct fire drills – please treat these as a true emergency and respond accordingly. Below are the designated assembly areas for reporting:

Building	Floors	Report to Activity Room in:

Welcome to the Team, Jorge!

Please Welcome our new enthusiastic custodian, Jorge. He is very excited to be a part of our team. He is still learning English so please be patient as he may have to use Google Translate to communicate.

If you see him, give him a nice welcome!

TURN THE OTHER CHEEK:

There are so many times that someone says something that gets under our skin and the first thing we want to do is retaliate. I was listening to a podcast that spoke about this verse and thought it was worth sharing.

Maybe if we meditate on this, it could help us to deal with these situations as Jesus instructed.

Matthew 5:39 (amplified)

“But I say to you, do not resist an evil person [who insults you or violates your rights]; but whoever slaps you on the right cheek, turn the other toward him also [simply ignore insignificant insults or trivial losses and do not bother to retaliate – maintain your dignity, your self-respect, your poise].

REFLECTIONS

1 Corinthians 1:7-9; Proverbs 19:8,11

The Lord empowered the church at Coringh with every spiritual gift so that they could build one another up in the faith and stand firm in their walk with Christ as they awaited his return. Scripture urges us to eagerly pursue wisdom and understanding so that we will develop skill in living, in depending on the Lord, and in learning patience and forgiveness toward others.

COMMON AREAS:

As a reminder, please do not add or remove decorations or move/rearrange furniture in the common areas (parlor, activity room, library, laundry room, etc.). Luther Towers/Luther Village strives to maintain all areas in a safe and clean manner.

For private events, you may decorate according to the guidelines given to you when you reserve a room. All decorations must be removed and leave the room as it was given to you.

APPLIANCES:

Per the House Rules, appliances such as an additional freezer, refrigerator or washing machine is prohibited in your apartment.

PERSONAL PROPERTY:

Security does an amazing job ensuring the safety and security of the residents and property. However, we are not responsible if you choose to leave personal property outside of your unit unattended. We have some residents who will leave their walkers in common areas while they are away and, most recently, we had a complete stranger come onto the property and take a walker – and this is not the first time this has happened.

Security will investigate matters for you but please keep in mind you are taking a risk leaving items unattended.

THANKSGIVING FEAST:

We are happy to announce that we will be doing the Thanksgiving Feast at both Campuses this year. The meal is free for residents but you must sign up so that we have an accurate count.

We look forward to seeing everyone!

From The Desk Supervisor – KARI EBERT

Happy November to you all! As I've said before, November is my daughter's favorite month because it's her birthday. Even though she'll be 35, we still celebrate it all month long, and she's always claimed Thanksgiving as her own personal holiday. So, our family is always geared up for November several months before hand.

Speaking of Thanksgiving, I'm thankful when I think of the feeling of belonging that comes from being a part of a community like Luther Towers/Luther Village. Coretta Scott King, wife of the late Reverend Dr. Martin Luther King, Jr, said, "The greatness of a community is most accurately measured by the compassionate actions of its members."

One of the quickest ways to separate the community and make individuals feel disconnected is **gossip**. As we slide into the holiday season, there is less and less sunlight, more and more isolation, and frazzled nerves. This adds to pent up frustrations that are just looking for a place to land. We should be on our guard and think before we pass on ugly stories we've heard (or assumed) about another.

Showing compassion to others who may be going through a difficult season is one way to realign a feeling of connection. We should also have compassion on ourselves when we feel like saying ugly things about our neighbor. Stop, breathe, and investigate why you want to pass on the ugliness. What part inside yourself needs compassion?

Encouraging yourself to release those negative emotions in a healthy way (write it out, take a walk, move to music, cuss into your pillow) can shake away the urge to gossip.

Let's help keep our community welcoming and compassionate.

Here's a story about how hard it is to reverse ugly gossip once it's released.

An old proverb relates the story of a person who repeated gossip – some rumor about a neighbor. Soon, the whole community had heard the rumor. Later, the person who spread the gossip learned that the rumor was untrue. The person was very sorry and went to an elder in the community – who had a reputation for great wisdom – to seek advice. The elder told the person, "Go to your home and take a feather pillow outside. Rip it open and scatter the feathers, then return to me tomorrow."

The person did as the elder had instructed. The next day, the person visited the elder. The elder said, "Go and collect the feathers you scattered yesterday and bring them back to me." The person went home and searched for the feathers, but the wind had carried them all away.

The person returned to the elder and said, "I could find none of the feathers I scattered yesterday."

"You see," said the elder, "it's easy to scatter the feathers but impossible to get them back."

So it is with gossip...

The Moral of The Story:

***It doesn't take much to spread hurtful words,
but once you do,
you can never completely undo the damage.***
