Sorry, No Pictures this Month due to Editor's Vacation

It is so hard to believe another month has gone by; we are almost half-way through the year. Make sure you get outside and enjoy the weather while you can; at this rate, winter will be here in no time.

Last month was a sad time for our staff and the residents of Luther Village. We lost not only a long time resident, but one of the hardest working individuals you could run across.

Johnny Boyd was a resident at Luther Village and the janitor for over 16 years. Those of you who live in the buildings he maintained can attest to the fact that he took pride in keeping his buildings looking nice – AND THAT HE DID. His wife Mary, who is a wonderful person, went home to New

York to live with her daughter. Their presence will definitely be missed!

We also had 2 HUD building inspections last month, Luther Village I and Luther Towers III. Both inspections went well and we received outstanding ratings. Thanks to you (residents) for doing your part in helping us achieve this, and to the maintenance staff – we couldn't do it without each and every one of you.

Kim

INFORMATION —BOTH CAMPUSES—

RENT Pulled On June 4th

In some months, your rent may not come out of your account on the 4th due to **holidays** or **weekends**.

Please check with your bank to verify rent funds have been deducted *before* pulling your money out while assuming the rent was already paid.

This will avoid the problem of Insufficient Funds.

REMINDER – AGAIN!

One of the things that **should not need to be repeated** but I am going to do it anyway because **it continues to happen.**

**Residents, Family Members
or Guests are
NOT ALLOWED to SMOKE
Inside the Buildings
PERIOD!**

This is a
LEASE VIOLATION
and can put your
TENANCY IN JEOPARDY!

Please don't put me or yourself in this situation. There are numerous areas outside on both campuses where you can smoke.

NO 
SMOKING
IN OUR BUILDINGS

'Bus'Ted – June Bugs

submitted by Chris Fulvio

June is a time I hold dear, with bugs in the air
and bugs in my hair, but the weather is nice
so I don't care!

When I get on my bus and think about bugs,
some are nice and some are thugs.

But the best bugs of all are the ones that just fly
by
on their way to make someone else cry.

The other type of bug is ones that don't read
the monthly newsletter, but that's all you need
to see when and where my bus rolls along
dropping people off all with a song.

So don't be the bug that doesn't read!

**BE THE BUG
WE ALL NEED!**

Chris

From the Desk of The Deputy Director
JESSICA PARSONS

Hope you all are getting out and enjoying the sunny days. We do not get many months of warm weather, so take advantage.

We provide exceptional security for our residents. I am so proud of our security team and the work they put in to ensure you have a safe place to live. They have a tough job, from running the desk, to viewing the numerous cameras we have.

However, at times their job becomes more difficult when residents allow visitors in the building who have not utilized the Rise system. The Rise system ensures each guest is logged appropriately in case of an emergency, but also that there is a reason they are in our building.

**The system is in place so individuals
cannot walk off the street and
loiter in our buildings.**

**Not only are you putting yourself at risk
but other residents as well.**

**LEW FRIDAY
is Retiring
this month!**

Lew is more than just a maintenance man to all who know him, and we will miss him and his “service with a smile”!

Please join us at Luther Towers I in the Activity Room from 9-10am on Friday, June 20th, as we say goodbye to one of our favorite employees.

*Coffee and donuts will be provided
while supplies last.*

—From the Staff Appreciation Committee

Reminders:

When you go on long trips or you believe you will be in rehab/hospital for a length of time, please have your mail placed on hold. Many times, the mail carrier will advise us he can no longer deliver mail as the box is full.

We are all heartbroken over the loss of Johnny Boyd. He was not only a resident for the past 17 years, but he was also one of our janitors for Luther Village for the past 16 years.

Johnny was one of the hardest working individuals you would ever meet. Everyone who knew Johnny knew that he was especially particular about his floors. Nobody would dare to clean his floors, those were his floors and his job!

I will miss our little conversations, his laugh and his humming/singing around the buildings. Rest in Peace my friend, you will be missed.

Jess P

Hello, Everyone! 

Please read over the Activity Calendar
and Activity Dates very carefully.

NOTES:

Many of our regular activities are
on a different day of the week due to
holidays and vacation.

We will not have movie matinee in June.
We should return to normal schedule in July.

Thank you for your patience.

JUNETEENTH is a federal holiday in the United States. It is celebrated annually on June 19th to commemorate the slavery in the United States.

The holiday's name, first used in the 1890s, is a portmanteau of the words "June" and "nineteenth" — referring to June 19, 1865, the day when Major General Gordon Granger ordered the final enforcement of the Emancipation Proclamation in Texas at the end of the American Civil War.

From the Desk of Kari Ebert

Wow! We are in the 6th month of the year already! There are so many things to celebrate in June: Father's Day, Juneteenth, Pride Month, and lots of kids are celebrating the end of the school year.

There doesn't have to be a specific holiday to celebrate the blessings we have of being in this great community of people who care about one another. Even if you're not the best of friends, I'm sure you can celebrate the fact that if you need help, someone nearby will help you.

As a lot of you know, my father had several heart attacks and was diagnosed with congestive heart failure a little more than 1½ years ago. He has made such strides in reclaiming his health since then with the help of my sisters, his friends, his church, and, most of all, his determined mindset. He has taken every opportunity that he can (even when he doesn't enjoy it or it is difficult) to keep his health as top priority. I celebrate his progress with him every Sunday when we have our weekly phone call. He tells me some things he might be struggling with and some things that went well. We laugh together about silly things, then I tell him how proud I am of him.

I recently read an article that described the health benefits of celebrating even the smallest of things. It stated that celebrating can release endorphins which not only help your mood, they can lessen pain and boost your immune system. So find something to celebrate by yourself or with your neighbor, even if it's a small thing and enjoy the healthful benefits!

Kari

A COUPLE OF GENTLE REMINDERS

- ◆ Please remember that all boxes on Food Box Day must be taken out to the recycling dumpster and not left out for staff to take care of. It is your responsibility to dispose of your own garbage and recycling.
- ◆ Please remember that all guests who visit are held to all the house rules that you are. If they break rules like vaping or smoking inside the building, being noisy after hours, or harassing other residents, they will be spoken to. However, **YOU** are ultimately responsible for their behavior. Don't let your guests jeopardize your lease.

Here's a lovely poem by Mary Oliver that celebrates a tiny thing but asks a huge question we should ask ourselves at any age.

The Summer Day

By Mary Oliver

Who made the world?
Who made the swan, and the black bear?
Who made the grasshopper?
This grasshopper, I mean –
the one who has flung herself out of the grass,
the one who is eating sugar out of my hand,
who is moving her jaws back and forth instead of
up and down –
who is gazing around with her enormous and
complicated eyes.
Now she lifts her pale forearms and thoroughly
washes her face.
Now she snaps her wings open, and floats away.
I don't know exactly what a prayer is.
I do know how to pay attention, how to fall down
into the grass, how to kneel down in the grass,
how to be idle and blessed, how to stroll through
the fields,
which is what I have been doing all day.
Tell me, what else should I have done?
Doesn't everything die at last, and too soon?
Tell me, what is it you plan to do
with your one wild and precious life?

KELLY'S REMINDERS:

I have noticed... residents are calling my office leaving messages for maintenance issues (repairs) instead of calling the front desk.

My messages are checked once or twice daily and, if you have a routine or emergency repair, your message may not get taken care of until later that day or not until the next day.

Also, please do not stop my maintenance staff in the halls or outside with a maintenance issue. They could be taking care of another scheduled issue when you stop them to tell them about a repair you need. They may forget what you told them and the issue will not be taken care of as it would if you went through proper channels.

Please, call the Front Desk for Maintenance Issues –
this way it is put into the maintenance log and will be taken care of !
