Well, the year is now officially half over and we are stepping into the month of July. For those who enjoy the 4th of July fireworks – both campuses have a great vantage point to see them without having to fight the crowds downtown. Although there is lots to do in downtown Dover during the celebration. If you are able, it is walking distance.....so you wouldn't need to try and find a parking spot. Either way, I hope you enjoy the 4th of July celebration!

I have a short list of some information that I wanted to share with all:

For residents that own dogs – please remember you are required to clean up behind your pet. We are constantly receiving complaints stating pet owners are not cleaning up and leaving the mess for others to pick up, or even worse, to step in. Luther Towers/Luther Village has supplied an area on each campus with bags and a trash can for disposal. Therefore, there is no reason for you not to be following the rules. There is also the option for those who violate the rules to be charged if staff has to clean up after.

Along the same line, let's address feeding the geese and ducks. I put an article in the newsletter a few years back giving reasons why it is NOT good for us to feed the any of the wildlife.

They were not created to eat processed human food, when doing so it has the potential to cause them significant health problems. Let's do our part to keep them healthy!!! Not to mention any uneaten food can attract other rodents and pests that none of us want hanging around.

Security – everyone is aware that we have numerous cameras around the campus, and staff does their best to monitor them to keep residents and their property safe on both campuses. However, there is the occasional incident where something happens – usually at night. And although the incident may have been caught on camera, the video is not always good enough for police to identify the perpetrator. So please do your part to keep yourself, your property and others on the property safe.

Rent clarification, almost all of our residents have their rent paid monthly using the EFT as required in the lease everyone signed. We allow a grace period of the first business day after the 3rd before it will be pulled from your account. However, the leases state that rent is due on the first of the month. So for the few who are not signed up for EFT remember “Rent is due on the first of every month”.

Door tags – we ask that when residents leave their apartments that they display the door tags outside the apartment hanging on the door knob. This does NOT mean that when we are checking stats and you have your tag out that no one will enter your apartment. Please note – if you have not swiped your card and end up on the list to be called and you do not answer the phone, staff will come to your apartment and knock. If they knock and you do not answer they will come in and check. There have been residents that hung their away tag out while they were still in the apartment. They had medical emergencies and were not able to notify anyone. Had the tag not been on the door – we would have gone in to check. Since then, procedures have changed to ensure ALL residents are accounted for on a daily basis.

From the Desk of The Deputy Director

JESSICA PARSONS

Happy July 4th! The temperatures have climbed quickly this week, so please take extra care. Extreme heat can cause heat-related illness-especially for older adults. Here are a few tips:

- 1. Hydrate Often** Drink water throughout the day, even if you don't feel thirsty. Avoid alcohol and caffeine, which can dehydrate you
- 2. Dress for the Weather** Wear loose, light-colored clothing and a wide-brimmed hat when outdoors. Dark colors absorb heat!
- 3. Stay Indoors During Peak Heat** Try to stay inside between 10 a.m. and 4 p.m.
- 4. Use Fans Wisely** Fans can help, but they're not enough on extremely hot days. Combine them with cool showers or damp washcloths on your neck and wrists.
- 5. Know the Signs of Heat Illness** Watch for dizziness, nausea, headache, rapid heartbeat, or confusion. If you or someone else shows these signs, seek medical help immediately.

- 6. Check on Neighbors** A quick call or knock on the door can make all the difference. Let's look out for one another!

Please make sure you are receiving permission to post anything on the message boards in the buildings and/or putting information in the tenant inner mailboxes. Please contact Trica Robinson for approval or if you have any questions.

Just for fun, here are some historic moments in July:

- July 1, 1916** – *Battle of the Somme begins.* The British Army suffers its worst day in history, with nearly 20,000 soldiers lost on the first day of this World War I battle.
- July 2, 1644** – *Battle of Marston Moor.* English Parliamentary forces defeat Royalists in one of the largest battles of the English Civil War.
- July 3, 1996** – *The Stone of Scone returns to Scotland.* After 700 years, this ancient symbol of Scottish royalty is returned from Westminster Abbey.
- July 4, 1776** – *Declaration of Independence adopted.* The U.S. officially declares independence from Britain, marking the birth of a nation.
- July 8, 1822** – *Poet Percy Bysshe Shelley passes away.* A key figure in English Romanticism, his legacy lives on through his poetry.
- July 20, 1969** – *Moon landing.* Neil Armstrong becomes the first human to walk on the moon, uttering the iconic words: "That's one small step for man..."
- July 31, 1790** – *First U.S. patent issued.* Samuel Hopkins receives a patent for a method of making potash, used in fertilizer—marking the start of American innovation.

On July 10, 2025 at 11:30am, Luther Village residents are invited to join the staff as we honor Johnny Boyd with love, laughter and community. Please come and share some light refreshments. We also have a little surprise to present. A sign-up sheet will be available so we can properly prepare. We look forward to seeing you all there.

Happy July! It's pretty wild that we're halfway through 2025. How is that possible? July makes me think of our beautiful diverse country and all the different people who make it up. We are all connected through the thread of family, community, culture, and purpose. I've always equated America with a colorful quilt: each square in itself is beautiful, but when all the squares are pieced together it becomes an amazing work of art. Did you know that pioneer women made sure to include one imperfect square in their quilts to give glory to God who is the only one that's perfect? When you look around at your neighbors, your family members, and even the staff of Luther Towers/ Luther Village, don't forget to see us all as an artful quilt. There might be some imperfections, but that's just part of the beauty of being human.

Kari

Here's a fun little poem by Shel Silverstein that will make you realize how quickly time flies!

Here Come by Shel Silverstein

Here comes summer,
Here comes summer,
Chirping robin, budding rose.
Here comes summer,
Here comes summer,
Gentle showers, summer clothes.
Here comes summer,
Here comes summer--
Whoosh--shiver--there it goes.

As July 4th fastly approaches and our independence from England rings true, it reminds me of the tea that didn't brew.

We rebelled against taxes on a drink some hold dear and started a fight with swords and a sneer.

So as the 2 bag limit is now to be followed on the bus , just remember not to put up a fuss.

This rule was in place long before I started but must now be adhered too, so that I don't have to tax some of you.

I really do know that a lot of you depend on me and I like what I do, so please bend the knee with only two then I don't have to deal with tripping over YOU!
