From the Desk of The Executive Director **KIM MENDOZA**

I cannot believe that summer is almost gone. I hope you have taken some time to stroll around the campuses and enjoy what nature has to offer.

If you are not aware, we are hosting our “End of Summer BBQ” on September 5th (11:30 – 1:00 pm). We will be providing transportation for individuals living at Luther Village. If you need a ride to Luther Towers, please contact Jessica Balog at 674-1408 ext 119. Hope to see you all there.

For those who may not be aware, U.S. Senator **Lisa Blunt-Rochester** was here to visit on August 20th. She was responsible for Luther Towers/Luther Village receiving \$850,000.00 of government funding. These funds were used to replace a 31-year-old roof on Luther Towers III and allowed the renovation of 64 bathrooms, updating fixtures and replacing tubs with walk-in showers. Features that provide our seniors with the ability to age in place.

She took time to meet with staff and board members, learning a little more about our campuses and even met with some residents.

Senator Blunt-Rochester is a definite champion to providing affordable housing for our seniors in addition to her staff providing much-needed assistance dealing with other government agencies.

LT/LV Staff continually coordinate activities and events for the benefit of our residents; some have great participation, whereas others have very little. Most recently, there was a Newcomers Luncheon, where 26 people were invited, but only 4 were planning on attending. Due to the low number of expected attendees, it was cancelled.

If there are items that are of more interest or something we could do differently – please let us know.

The new digital antenna should be installed and operational on both campuses at this point in time.

If you use the antenna, Mark should have come around to help you switch over your TV so you can receive the digital channels. This upgrade has provided not only exceptional picture quality, but also increased access to 38 channels.

There have been a few residents who do not have newer TVs, which means they do not have access to digital. The only way to remedy this is to purchase a newer TV; fortunately, the cost has dramatically decreased. You can now purchase one for around \$100.00.

Continued on page 3

Just a reminder that alcohol consumption outside of your apartment is not authorized. We have approved some functions held by residents to allow alcohol in the activity rooms only. This is only allowed for those participating who have signed a waiver and release of liability form per our insurance company.

Years ago in a newsletter article, I talked about the benefits of seniors owning pets:

Improved Health – research has shown that pet ownership can provide important forms of social and emotional support for older adults that can reduce distress, loneliness and improve overall quality of life. One study found that strong attachment to a pet was associated with less depression among older adults.

- Decreased blood pressure, cholesterol levels, triglyceride levels, feelings of loneliness, anxiety and symptoms of PTSD.
- Increased opportunities for exercise and outdoor activities; better cognitive function in older adults; and more opportunities to socialize.

Studies show older pet-owning citizens have lower blood pressure and cholesterol levels than non-owners, which help reduce their risk for heart disease and decrease their number of visits to the doctor.

BEFORE you run out and purchase a puppy or save one from the local ASPCA, please consider the responsibility in having a pet!

- **Unrealistic expectations** – have been documented as a primary return reason in 7 to 13% of dog returns; owners who underestimated the work and effort involved in dog ownership were 10 times more likely to return their animal post-adoption than owners who overestimated the effort involved.
- **Stress** – Moving between homes is inherently stressful for a dog. A return to a shelter can be traumatic, especially if they bonded with their previous family, leading to feelings of abandonment and insecurity.
- **Anxiety** – Dogs may exhibit separation anxiety, become fearful of their new surroundings, or generally feel anxious and shut down due to the overwhelming shelter environment.
- **Behavioral Changes** – Stress can manifest as destructive behavior, loss of appetite, fear, or increased reactivity within their kennel, often inaccurately representing their true personality outside the shelter.

With all that said, ***please*** don't rush into a decision that may cause distress for both you and a pet.

Welcoming Lisa Blunt-Rochester

Must have been funny!

"Round Table" Discussions

From the Desk of The Deputy Director **JESSICA PARSONS**

Voicemails:

When contacting the office by phone, we understand that you may not always reach someone immediately. In those cases, leaving a voicemail is the next best step – and including a brief reason for your call makes a big difference. Whether you're asking about an activity, have a concern, or following up on a care-related concern, stating your purpose allows our team to prioritize and direct your message to the appropriate staff member. This ensures a quicker response and more personalized support. We encourage all residents and family members to include their name, contact number, and a short description of their request when leaving a message.

Fire Drills:

In the past few weeks, fire drills have been conducted as part of our ongoing commitment to resident safety. Fire drills are more than routine; they're essential practice for real emergencies. Treating every drill as if it were an actual fire helps ensure that residents know exactly what to do when seconds count.

It's important to vacate your apartment promptly when a drill begins, using the designated exit routes. For residents who are unable to climb stairs, the safest action is to wait in the stairwell landing area. These locations are designed to be fire-resistant and are where emergency personnel will check first during evacuations.

By participating fully and seriously in each drill, residents not only protect themselves but also contribute to a safer, more prepared community.

Building Winners of the Conservation of Energy:

As of June 30, 2025, we officially closed out our fiscal year – and we want to extend a heartfelt thank you to everyone who contributed to our energy conservation efforts. Your commitment truly makes a difference, and together, we're building a more sustainable future.

To celebrate the achievements of our top-performing buildings, we're excited to offer a **free lunch** to residents in the winning locations. More details will be shared directly with those buildings soon.

September is the month that makes me think that fall is near and apple cider beer which I hold dear.

As the leaves start to change to yellow and blue, please don't "Fall" I might not catch you.

Pumpkins are orange – with some more brown – which are the colors of bruises if you "Fall" down.

With these "fall" things in mind, keep on looking up instead of walking blind.

Chris

First come, first served ...

means that something, usually goods and services, is offered to people who show up before anyone else. This establishes a basis of fairness – or at least punctuality.

But hang on! Is it ...

first come, first serve ?

or

first come, first served ?

Well, the correct version you should use is *first come, first served*.

Coordinating Luther Towers Mobile Office Hours

Senator Lisa Blunt-Rochester's office will be here for Mobile Office Hours September 25th from 9am-12pm. As the flyer indicates, they can help with a variety of issues. The most important to us is probably the assistance with Social Security issues. They recently were able to help a resident – whose social security payments had been stopped – with getting them reinstated immediately.

I am so excited they are willing to help us here at Luther Towers and Luther Village. Luther Village residents – if you wish to come over and speak with a representative give me a call and we can arrange transportation. This is a first come first served event. One-on-One interactions with the representatives.

Thank you, Tricia

KELLY’S REMINDERS:

Fall is right around the corner, temperatures are changing and will continue to change.
Leaves will start changing and falling.

Be careful when walking outside on the sidewalks, parking lots, walk paths,
because when the leaves get wet, they can be slippery.

Also, when temps get cooler and you want to change from A/C to Heat,
open your window because the heater will smell for about 30 minutes.

By opening a window, it will not set your smoke detector off!

Thank you.

Wild Geese by Mary Oliver

I wish I was twenty and in love with life
and still full of beans.

Onward, old legs!

There are the long, pale dunes; on the other side
the roses are blooming and finding their labor
no adversity to the spirit.

Upward, old legs! There are the roses, and there is the sea
shining like a song, like a body
I want to touch

though I'm not twenty
and won't be again but ah! seventy. And still
in love with life. And still
full of beans.

Happy September! It's been a very busy time
for me lately, and I have to remind myself
there's so much more to do and see and
experience. I just want to nap all day long.
Sometimes I think I won't create or plan
projects or learn new things, but then I remind
myself that's just who I am and what I love!
This poem by Mary Oliver really sums up how
we are always ourselves at any age.
